

# UniBloc Analytical Balance

## New standard of analytical balance

ATX/ATY series realized superior performance and budget price with Shimadzu weighing sensor UniBloc.

This models achieve usability and high accuracy as analytical balance.

## FEATURES

- Touch-Key calibration (ATX series)
- Automated calibration can be started by pressing keys (ATX series)
- Also, your external calibration weights can be used for span calibration (all models)
- Easy Setting best fit to weighing application
- Quickly adjust the desired ratio of stability and response for every application, even during measurement, with one-touch operation.
- High quality with easy operation analytical balance
- WindowsDirect communication function
- Send balance data to Excel or other Windows applications without any data communication software installation required. By combining standard Auto print functions with typical spreadsheet functions, even difficult applications can be easily automated.
- RS232C interface is needed.
- Very large size pan
- The pan size of AT series is 91mm dia. It's the biggest one in this class and you can set large container (e.g. flask) easily.
- Formulation mode
- Comparator function
- Piece counting function

## SPECIFICATION

Model	ATX84	ATX124	ATX224	ATY64	ATY124	ATY224
Capacity	82g	120g	220g	62g	120g	220g
Minimum Display	0.1mg	0.1mg	0.1mg	0.1mg	0.1mg	0.1mg
Pan Size (mm)	Φ91	Φ91	Φ91	Φ91	Φ91	Φ91
Calibration	In-built	In-built	In-built	External	External	External

## ORDERING INFORMATION

Model	Description
ATX 84	Analytical Balance 82g, Accuracy 0.1mg, Internal Calibration
ATX 124	Analytical Balance 120g, Accuracy 0.1mg, Internal Calibration
ATX 224	Analytical Balance 220g, Accuracy 0.1mg, Internal Calibration
ATY 64	Analytical Balance 62g, Accuracy 0.1mg, External Calibration
ATY 124	Analytical Balance 120g, Accuracy 0.1mg, External Calibration
ATY 224	Analytical Balance 220g, Accuracy 0.1mg, External Calibration
EP 90	Shimadzu Statistical Calculation Data Printer with Cable
WBP 100	ANM Weighing Balance Printer with Cable (Plain Paper)
IFB-RS232	IFB to RS232 Interface Cable to use with WP 100
W Box	Standard Weight Box (1mg-200mg) with RRSL Certificate
